

Mark Scheme

Summer 2024 (Results)

Pearson Edexcel International
Award In Lower Secondary Computing (LCP11)
Paper 01

Edexcel and BTEC Qualifications

Edexcel and BTEC qualifications are awarded by Pearson, the UK's largest awarding body. We provide a wide range of qualifications including academic, vocational, occupational and specific programmes for employers. For further information visit our qualifications websites at www.edexcel.com or www.btec.co.uk. Alternatively, you can get in touch with us using the details on our contact us page at www.edexcel.com/contactus.

Pearson: helping people progress, everywhere

Pearson aspires to be the world's leading learning company. Our aim is to help everyone progress in their lives through education. We believe in every kind of learning, for all kinds of people, wherever they are in the world. We've been involved in education for over 150 years, and by working across 70 countries, in 100 languages, we have built an international reputation for our commitment to high standards and raising achievement through innovation in education. Find out more about how we can help you and your students at: www.pearson.com/uk

General Marking Guidance

- All candidates must receive the same treatment. Examiners must mark the first candidate in exactly the same way as they mark the last.
- Mark schemes should be applied positively. Candidates must be rewarded for what they have shown they can do rather than penalised for omissions.
- Examiners should mark according to the mark scheme not according to their perception of where the grade boundaries may lie.
- There is no ceiling on achievement. All marks on the mark scheme should be used appropriately.
- All the marks on the mark scheme are designed to be awarded. Examiners should always award full marks if deserved, i.e. if the answer matches the mark scheme. Examiners should also be prepared to award zero marks if the candidate's response is not worthy of credit according to the mark scheme.
- Where some judgement is required, mark schemes will provide the principles by which marks will be awarded and exemplification may be limited.
- When examiners are in doubt regarding the application of the mark scheme to a candidate's response, the team leader must be consulted.
- Crossed out work should be marked UNLESS the candidate has replaced it with an alternative response.

Section A

Question number	Answer	Mark
1	Award **one** mark for any of the following up to a maximum of **two** marks: • Reduce the personal information posted • Block offensive users/content • Report concerning activity/content • Limit who you share information with • Don't accept friend requests from people you don't know	**(2)**

Question number	Answer	Mark
2a	Award **one** mark for: The use of **filter software** can stop users seeing unwanted online content.	**(1)**

Question number	Answer	Mark
2b	**The only correct answer is C** ***A*** *is not correct because GPS location data would be in the packet but not the header* ***B*** *is not correct because HTML would be in the packet but not the header* ***D*** *is not correct because Server URL is not included in the packet.*	**(1)**

Question number	Answer	Mark
2c	Award **one** mark for any of the following: • Devices can be more portable • easier/cheaper to set up • easier to connect (to the network) Do not accept: 'network' for 'devices'	**(1)**

Question number	Answer	Mark
3	Award **one** mark for any of the following: • GPS (location data) • CCTV • ID cards • Social media (posts) • Eavesdropping	**(1)**

Question number	Answer	Mark
4	**The only correct answer is A** ***B*** *is not correct because NFC is used over shorter ranges* ***C*** *is not correct because Satellite is not a wireless protocol* ***D*** *is not correct because WAP is a wireless access point*	**(1)**

Question number	Answer	Mark
5	Award **one** mark for: Mbps is the unit used to measure the **data speed** of a network	**(1)**

Question number	Answer	Mark
6	Award **one** mark for: A reason for using **NFC** for payments is that it has a range of 4 centimetres.	**(1)**

Question number	Answer	Mark
7a	Award **one** mark for: To convert signals (between analogue and digital)	**(1)**

Question number	Answer	Mark
7b	Award **one** mark for any of the following: • Editing shared documents • Virtual meetings (accept examples) • Storing data centrally • Email services Accept examples of any of these.	**(1)**

Question number	Answer	Mark
8	Award **one** mark for: To send **data (**to a computer) Accept: 'instructions' / 'values' / 'information' for 'data'.	**(1)**

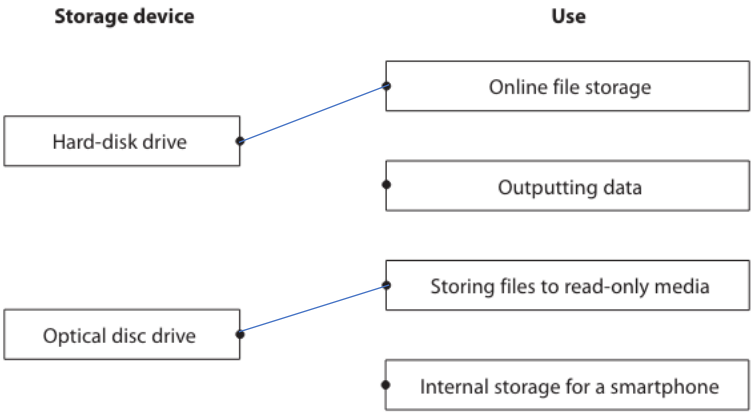

Question number	Answer	Mark
9	**The only correct answer is B** ***A*** *is not correct because malware is not a type of software licence* ***C*** *is not correct because proprietary licences do not allow users to modify the code* ***D*** *is not correct because utilities are not a type of software licence*	**(1)**

Question number	Answer	Mark
10a	Award **one** mark for each of: An operating system provides the **interface** (1) between the computer and the **user**. (1)	**(2)**

Question number	Answer	Mark
10b	Award **one** mark for: The **read-only memory** stores a computer's boot sequence. Accept ROM	**(1)**

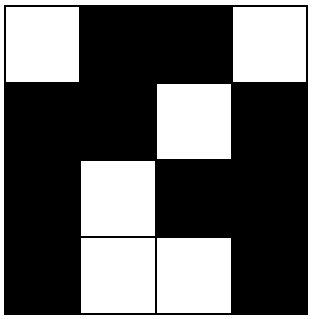

Question number	Answer	Mark
10c	**The only correct answer is A** ***B*** *is not correct because a hard disk stores data* ***C*** *is not correct because an output device outputs data* ***D*** *is not correct because RAM stores data*	**(1)**

Question number	Answer	Mark
10d	Award **one** mark for any of the following: • Anti-virus • Anti-spyware	**(1)**

Question number	Answer	Mark
11	Award **one** mark for each correct line:  Do not award lines between boxes where a box on the left has lines to multiple boxes on the right.	**(2)**

Question number	Answer	Mark
12a	**The only correct answer is D** ***A*** *is not correct because 1024 is the number of kibibytes in a mebibyte* ***B*** *is not correct because 1024 is the number of kibibytes in a mebibyte* ***C*** *is not correct because 1000 is the number of kilobytes in a megabyte*	**(1)**

Question number	Answer	Mark
12b	Award **one** mark for each correct nibble in the correct order: 0101 0111	**(2)**

Question number	Answer	Mark
12c	Award **one** mark for any correct row Award **two** marks for all rows correct  Award marks for inverse.	**(2)**

Question number	Answer	Mark
13a	Award **one** mark for each of: • **Increase** bit depth / sample resolution (1) • **Increase** sample rate (1)	**(2)**

Question number	Answer	Mark
13b	Award **two** marks for a linked description such as: • Each pixel is represented by a binary number (1) which represents the colour (of that pixel) (1) • The number of colours that can be represented (1) is determined by the number of bits allocated to each pixel (1) • A number of bits/binary pattern (1) is used to represent the colour of each pixel (1)	**(2)**

Question number	Answer	Mark
14	Award **one** mark for: F f	**(1)**

Question number	Answer	Mark
15a	**The only correct answer is C** ***A*** *is not correct because there is no loop* ***B*** *is not correct because there is no loop* ***D*** *is not correct because there is no selection / use of IF*	**(1)**

Question number	Answer	Mark
15b	Award **one** mark for: answer Accept points	**(1)**

Question number	Answer	Mark
15c	Award **one** mark for any of the following: • Multiply • Double • Times • Multiplication	**(1)**

Question number	Answer	Mark
15d	**The only correct answer is B** ***A*** *is not correct because each item in the list has a unique index value* ***C*** *is not correct because the reference to the last value is points[3]* ***D*** *is not correct because '0' refers to the first item*	**(1)**

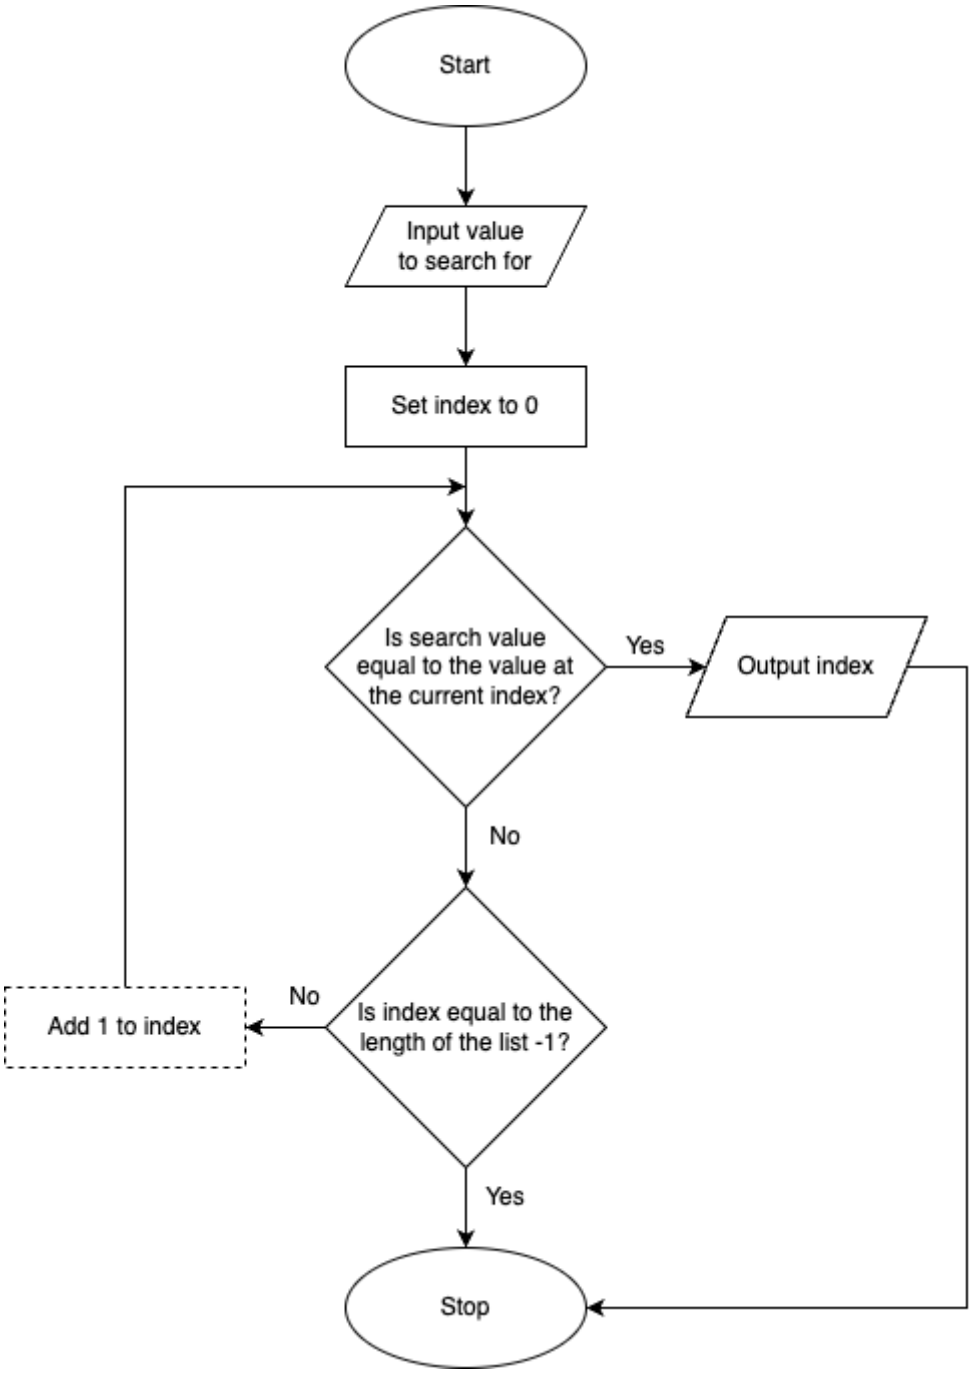

Question number	Answer	Mark
16a	Award **one** mark for: The missing closing bracket causes a **syntax** error.	**(1)**

Question number	Answer	Mark
16b	**The only correct answer is C** ***A*** *is not correct ASCII is a character encoding format* ***B*** *is not correct because 'bit' is term used to refer to a binary digit* ***D*** *is not correct because a subprogram is not a datatype*	**(1)**

Question number	Answer	Mark
17a	Award **one** mark for: string	**(1)**

Question number	Answer	Mark
17b	Award **two** marks for: 1 2 3 Award **one** mark for: 1 2 3 4	**(2)**

<table>
<tr><th>Question number</th><th>Answer</th><th>Mark</th></tr>
<tr><td>18</td><td>Award one mark for each correct cell:
<table><tr><th>Code</th><th>Output</th></tr><tr><td><pre>print (0 > 2)</pre></td><td>False</td></tr><tr><td><pre>print (0 == 2)</pre></td><td>False</td></tr><tr><td><pre>print (0 != "")</pre></td><td>True</td></tr></table></td><td>(2)</td></tr>
</table>

Question number	Answer	Mark
19a	Award **one** mark for each: • Correct Yes / No labels from 1st decision box • Correct Yes / No labels from 2nd decision box • Path from process box back into 1st decision box 	**(3)**

Question number	Answer	Mark
19b	Award up to **two** marks for a linked explanation such as: (The second decision is needed to check) if the end of the list has been reached (1) so that the loop ends (1) It prevents an error (1) of a final check on an item out of range / at a position greater than the length of the list (1) Do not accept contents of decision box ("Is index equal to the length of the list -1")	**(2)**

Question number	Answer	Mark
20	Award **one** mark for each of: • while (1) • input (1) • guess (1) • < (1)	**(4)**

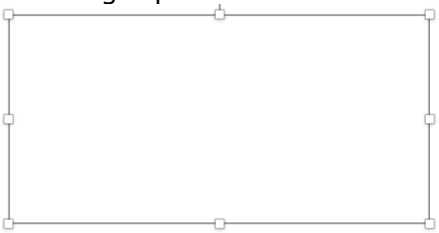

Section B

Question number	Answer	Mark
21a	Award **one** mark for any of the following: • images • sound • text • video • animation • multimedia	**(1)**

Question number	Answer	Mark
21b	Award **one** mark for: Presentations use **transitions** when moving between slides.	**(1)**

Question number	Answer	Mark
22a	Award **one** mark for each of: A **newsletter** is a multi-page, word-processed document. It may use a column layout to provide information. A **memo** is a short document used to present information to a team within a company.	**(2)**

Question number	Answer	Mark
22b	Award **one** mark for any of the following: • left • right • centre • justified • top • bottom • middle • horizontal • vertical	**(1)**

Question number	Answer	Mark
23a	Award **one** mark for: Circle at any of these eight points: 	**(1)**

Question number	Answer	Mark
23b	Award **one** mark for any of the following: • It can be used to place text more precisely. • Makes it easy to draw attention to specific text (using a border/shading). • Makes it easy to move text.	**(1)**

Question number	Answer	Mark
24	Award **one** mark for: One benefit of a vector graphics file is the **file size** is smaller.	**(1)**

Question number	Answer	Mark
25	**The only correct answer is D** ***A*** *is not correct because enlarging a bitmap does not crop it* ***B*** *is not correct because enlarging a bitmap does not enhance it* ***C*** *is not correct because enlarging a bitmap does not erase it*	**(1)**

Question number	Answer	Mark
26	Award up to **two** marks for a linked explanation such as: A JPEG/PNG (1) because it compresses the image / removes details / reduces the file size (1)	**(2)**

Question number	Answer	Mark
27a	**The only correct answer is A** ***B*** *is not correct because queries can be used in a flat file database* ***C*** *is not correct because records are used in a flat file database* ***D*** *is not correct because relational operators can be used in a flat file database*	**(1)**

Question number	Answer	Mark
27b	Award **one** mark for any of the following: • A Relational database has related tables • Data redundancy is reduced in a relational database • A flat file has one table • The way data is structured/organised	**(1)**

Question number	Answer	Mark
27c	**The only correct answer is D** ***A*** *is not correct because it is a number* ***B*** *is not correct because it is text* ***C*** *is not correct because it is an arithmetic operator*	**(1)**

Question number	Answer	Mark
27d	**The only correct answer is B** ***A*** *is not correct because 'year' is not an attribute* ***C*** *is not correct because searching on 'title' is not appropriate* ***D*** *is not correct because the '<>' operator is used with the three other attributes and would not narrow the results to books published in 2014.*	**(1)**

Question number	Answer	Mark
28	**The only correct answer is D** ***A*** *is not correct because compression does not change the file format* ***B*** *is not correct because compression does not backup files* ***C*** *is not correct because compression does not encrypt files*	**(1)**
Question number	**Answer**	**Mark**
29	Award **one** mark for any of the following: • Read • View	**(1)**

Question number	Answer	Mark
30a	**The only correct answer is A** ***B*** *is not correct because a button is not used to create locations* ***C*** *is not correct because a hyperlink is used to link to a bookmark* ***D*** *is not correct because a thumbnail is not used to create locations*	**(1)**

Question number	Answer	Mark
30b	An description such as: The <head> tag contains information about the page (1) for use by browsers / search engines (1)	**(2)**

Question number	Answer	Mark
31a	**The only correct answer is B** ***A*** *is not correct because the format is decimal* ***C*** *is not correct because the format is decimal* ***D*** *is not correct because the format is decimal*	**(1)**

Question number	Answer	Mark
31b	Award one mark for: The data is not numeric	**(1)**

Question number	Answer	Mark
31c	An explanation such as: It will not give the correct result (1) because the range is fixed / the 5 is a fixed value (1)	**(2)**

Question number	Answer	Mark
31d	Award 1 mark for use of MIN and 1 mark for correct cell range. =**MIN**(**B2:B6**)	**(2)**
Question number	Answer	**Mark**
31e	The only correct answer is D A is not correct because value labels are added to each data point B is not correct because a title is used for this C is not correct because axis labels are used for this	**(1)**

Question number	Answer	Mark
32a	Award one mark for any of: • Presentation • Image editor	**(1)**

Question number	Answer	Mark
32b	An explanation such as: It will create a brand identity / professional look (1) because the documents will be consistent (1)	**(2)**
